DUNNITS QT DYNASTY 2012 BREEDING CONTRACT FOR TRANSPORTED SEMEN

2004 APHA Bay Tobiano Stallion

Registration# 828,013

This stallion breeding contract for the 2012 breeding season is made and entered into

this _____ day of _____, 2012, by and between Sterling Slemp, hereinafter referred

to as Breeder, and _____ referred to as MARE OWNER.

Name of Mare: _____ Breed: _____

Year Foaled: _____ Registration# _____

1. MARE OWNER agrees to pay a breeding fee of \$750.00 which covers the FIRST SHIPMENT OF COOLED TRANSPORTED SEMEN. 50% of the breeding fee is due before any cooled semen will be shipped; the balance of 50% is due thirty days from the First Shipment date, or before any subsequent shipments, whichever comes first.
2. The charge for each additional shipment of cooled semen will be \$250.00, payable to BREEDER prior to shipment. Shipment will be provided by Federal Express Priority Overnight.
3. Semen is available on a first come/first serve basis. BREEDER will make every effort to meet the needs of MARE OWNER. MARE OWNER shall notify BREEDER when mare comes into heat. MARE OWNER must order semen by 9 A.M. Central Time in order to insure next day delivery.
4. MARE OWNER is responsible for breeding the mare and must comply with breed registry requirements. MARE OWNER agrees that a licensed equine veterinarian will inseminate the mare. MARE OWNER agrees to have mare inseminated within 24 hours, but not more than 72 hours after collection from the Stallion. MARE OWNER agrees to use all semen for the mare named in the Agreement and no other. MARE OWNER agrees to notify BREEDER immediately if semen arrives in poor condition or shipping container has been tampered with.
5. MARE OWNER, whose signature appears below, warrants that it is the owner or record, lessee, or authorized agent of the above-named mare. MARE OWNER represents to BREEDER that said mare is healthy and in sound breeding condition. MARE OWNER agrees to provide a copy of registration papers with this contract.
6. This contract provides a "LIVE FOAL GUARANTEE"; a live foal is described as a newborn foal, which stands and nurses without assistance. If foal is born dead, MARE OWNER may return the same mare for rebreeding in 2013, provided the BREEDER is notified within 10 days of the death in writing by a veterinarian. This rebreed privilege is good for the 2013 breeding season only.

7. If mare fails to be safe in foal by the end of the 2012 breeding season, MARE OWNER may rebreed the same mare during the 2013 breeding season. If the mare dies or becomes unfit for breeding before being checked safe in foal, MARE OWNER may substitute a replacement mare. If the MARE OWNER is unable to have a mare checked safe in foal by the end of the 2013 breeding season, this contract will become null and void and the BREEDER will refund 50% of the breeding fee.
8. If DUNNITS QT DYNASTY should die or become unfit for breeding service prior to settling the mare, the breeding fee, minus any unpaid shipping expenses, will be refunded to MARE OWNER.
9. A breeder's certificate will be issued for the foal after BREEDER has been notified that a live foal has been produced and provided all stallion fees and any other expenses BREEDER may have incurred on MARE OWNER'S behalf have been paid in full.
10. This contract is non-assignable and non-transferable; it is entered into the State of Missouri and will be interpreted and enforced by the laws of that State in the County of Boone.

When MARE OWNER and BREEDER sign this contract, it will be binding on both parties.
